Phonix Park and Parliament-st. assassins and cowards. The Britial public, or an exceedingly large part of it, still believes that savages "go upon the war-path" along Brea iway; that every American boy has a hip pocket in his first trousers, and that his carliest toy is a Colt's revolver, which is not a bit more ridiculous than the belief of the British public that the Roses sort of warriors are representative Americans. They are not Americans at all: they are importations from Great British, made what they are by fine old British laws.

MUSICAL AND BRAMATIC NOTES.

The London St. James's Gazette announces that Mr. Abbey "next autumn will open at New-York the so-called 'Royal' Opera House."

Mr. Albert Ross will give a concert in Chickering Hall this evening, assisted by Mrs. Florence Bloc-Knox, Mr. Chr. Fritsch, and others.

Mr. Barnay makes his re-entrance at the Thalia Theatre to-night, acting in the drama of "Ed-Play-goers are reminded that a dramatic performance in aid of the Bartholdi Statue Fund will be

given at the Madison Square Theatre this afterneon at 3 o'clock. A play on Tennyson's "Princess" will be acted by a compony of amateurs.

Signor Salvini, at Booth's Theatre, will play Othello to-night, for the first time in the course of his present engagement. The last chances of seeing the distinguished Italian are now at hand. He will bid us a final adieu on Saturday afternoon.

Mr. Barnay will appear this evening at the Thalia Theatre, and his farewell engagement is for four nights. He will be seen in "Kean," "Clavigo," "Uriel Acosta." "Narcisse"—at the Saturday matinee—and "The Robbers." The season at the Thalia Theatre will end next Monday.

Professor. Led.

Professor Led, of Berlin, has written an "The Shakespeare Book," which appears every year on the 23d of April. After leaving Vienna, where his German season terminates, Edwin Booth visits Nuremberg and Frankfort, on the way to Paris.

Mrs. Langtry, when her present engagement at the Fifth Avenue Theatre has ended, will make a second tour, under the management of Mr. Frederick A. Schwab, which is to last four weeks. She will not proceed far from New-York, and she will not visit Califor-nia. Her engagement with Mr. Abbey ends on May 5, and the supplementary season begins on May 7. Early in June Mrs. Langtry will return to England. She de-signs, however, to make another expedition to America, and will open her season of 1853-54 on the 29th of Oc-tober at Montreal.

PHILADELPHIA, April 24.—Händel's "Israel for County Leitrim, was called as a witness for in Egypt" was performed here to-night by the Cecilian Society, Minnie Hank the leading soloist, and Thomas's orchestra accompanying. The performance was a great Kelly. His eyidence also went to prove an alibi. Altogether fifteen witnesses testified in favor of the

DEPARTURE OF MADAME PATTI.

Madame Patti and Signor Nicolini sailed on the steamship Arizona at 6 o'clock yesterday morning. A large number of friends accompanied the prima donna to the steamship in the evening before her departure, and remained until an early hour in the morning. Madame Patti expressed regret at leaving America, and said that she felt almost as much at home here as she did in Wales. She said that her visit here had been certainly in wates. She said that her visit here had been certainly a financial success, and personally it had been all that she could desire. Prior to the departure of the steamship, there was an aisrm of fire on the Italy, which lay close by the Arizona. Madame Patti's friends were forced to take a hasty farewell, as the Arizona was immediately hauled out into the stream and anchored. Several other of her friends who arrived later were much disappointed because they were unable to see her.

AMATEURS AS MINSTRELS.

The amateur minstrel performance in aid of the New-York Society for the Prevention of Cruelty to Children affracted a large audience to Chickering Hall last evening. After the usual overcure, there were solos, quartets and choruses, stump speeches and short sketches, which were well received.

THE CINCINNATI DRAMATIC FESTIVAL.

CINCINNATI, Ohio, April 24.—The rehearsals for the dramatic festival here are in active progress. The indications point to a very large aftendance of strangers. The managers feel confident that with the seats still unsold and the large number offered for sale by purchasers of season tickets they will be able to

ANOTHER PLEA FOR THE DOUBLE STAND-ARD.

To The Editor of The Tribune. SIR: As you kindly published my communi-

the inclosed letter received this morning from E. F. Ri-ley, a banker of Osceola, Iowa. It appears to touch some vital points, and you may deem it worthy the at-tention of the readers of THE TRIBUSE. J. THOMPSON. Respectfully yours,

Chase National Bank, New-York, April 18, 1883.

OSCEOLA, Iowa, April 12, 1883. JOHN THOMPSON. Chase National Bank, New-York. DEAR SIR: The position you take so nearly coincides with my views on the silver question, and your reasons are so good and so strongly stated, that I want to express you my thanks for the article. (A recent plea for the double standard.) There is no doubt in my mind that the so-called depreciation of the value of silver is really.

in agreat measure, the appreciation of gold, caused by the demonetization of silver in England and Germany, and the efforts in this country to debase it: and that silver has more nearly preserved its old relative value with prod-uce and real estate. I believe the demonetization or even the restriction of the legal-tender quality of solver dollars in this country would increase the value of mortgages and other secur-

ities at least 10 per cent, and perhaps 15 per cent; and many people in the West believe the fight against silver is carried on for the very purpose of increasing the wealth of the creditors unjustly, at the expense of the debtors. People living in the Eastern and Middle States have loaned millions of dollars to Western farmers and business men, and they hold many thousands of mortgages on Western homes, and any attempt of the repre-sentatives of these creditors, by an act of Congress, to make these debts harder to pay, and to make it more difficult to redeem these Western homes, merely for the sake of making the creditors richer, will meet with most us and even bitter opposition.

The Western people, too, hold many millions of the cilver dollars, and any attempt to depreciate their value, even though the Government would propose to redeem them, would cause great dissatisfaction. I am glad to see an Eastern banker take so just and equitable a position on the silver question, and I hope this will not be the last we shall hear from you on the subject. Respectfully.

A GOOD WORD FOR MR. BRENNAN.

To the Editor of The Tribune.

SIR: I believe that it is a matter of public interest and importance that Thomas S. Breunan should be reappointed Commissioner of Charities and Correction. Commissioner Brennan began service in the Department as an orderly in Believae Hospital. For good aduct he was promoted to the captaincy of the nightwatch. His work was always well done, and later he was selected for Warden of Bellevue, and in 1875 was made Commissioner. He organized the Ambulance Corps of the Department, and has jealously guarded its work and extended its usefulness. Beginning with four ambulances, the work now requires eight, each fully equipped. A short time ago there was an alarm of fire from Randall's Island at 2 a.m. Commissioner Brennau was soon on the ground, and personally superintended the transportation and work of the firemen. At the ter-rible school disaster not long ago in Fourth-st., where so many children were killed and wounded, all was con-fusion until the "big Commissioner," as he is called, arfor many children were kinds a specific or the control of the children work as Commissioner. He introduced trades into the Fenitentiary, and had the idle convicts taught to make shoes and other useful articles. A great deal is due to him for the entertainment of the lumatics, idlots and other hepless beings in the city's charge. He took 300 diotte children to Barnum's from Randal's Island hat week, and the Criterion Cinb gave an entertainment to the lumates of the Lunatic Asylam on Blackwell's Island on Saturday under Commissioner Breaman's sharge. The improvement of the buildings, the greater comfort to all the unfortunates, and the Frai progress that has been made in the past six years are due largely to the efforts on Mr. Brennan.

I believe that it would be a great loss to the city should it fail to secure Mr. Brennan's services for another six years. His nonearly and integrity are beyond question. Though a member of Tammany Hall, he has firever been a partisan in an ofensive sense, and no appeal of suffering humanity that has reached him has failen upon a month of the control of suffering humanity that has reached him has lever force, April 24, 1883.

LONDON, April 24 .- In the House of Commons this afternoon Mr. Gladstone, replying to the ques-tion of Mr. Bourke as to whether any steps had been taken at Washington relative to conspiracies organized in America against England, said he did not think it in accordance with public interest to make any statement touching communications with the United States Government on the subject of the

THE DISTRESS IN IRELAND. LONDON, April 24.-Lord Carlingford, Lord President of the Council and Minister of Agriculture, replying in the House of Lords yesterday to Lord Dunraven's remarks regarding the condition of the people in Ireland, said the accounts from the distrassed districts had been decidedly more encouraging during the last few weeks. He said the Gorernment were agreed that emigration was the best and the inevitable remedy for the distress, but they had neither the right nor was it necessary to force it upon the people. The Government had received a hopeful offer for the removal of a number of selected families across the Atlantic. In conse-quence of this statement the motion of Lord Dun-raven for the adoption of a scheme of emigration was withdrawn.

MINISTER SARGENT CRITICISED.

BERLIN, April 24 .- The North German Gazette today has an article severely criticising a report from Mr. Sargent, the American Minister here, to the American Secretary of State, published in The New-Yorker Handels Zeitung on March 10, in regard to the action of Germany on the importation of Americanpork. The North German Gazette after referring to what it regards as a suggestion of reprisals in the report, says it is remarkable to find Mr. Sargent's signature at its foot. If the report suggests repri-sals in order to force American triching upon Ger-man consumers it uses an argument similar to that which formed the basis of the Chinese optum war.

EIGHTY-THREE DEATHS IN MISSISSIPPL FURTHER DETAILS OF THE WORK OF DESTRUCTION

IN THREE STATES. NEW-ORLEANS, La., April 24.—The latest reports received from sections of Mississippi visited by the cyclones of Sunday show that 83 persons were killed and about 300 wounded, many dangerously. The loss of property is unprecedented.

A dispatch to The Picayune from Aberdeen, Miss., says: "A cyclone passed through Moaroe County on Sunday carrying away houses, fences, bridges and everything else that happened to be in its way. Several persons were killed and many others were seriously injured. A suburb of Aberdeen containing twenty-five or thirty negro families was absolutely wiped from the face of the earth. persons were killed outright, two Three others have since died from their wounds, while twenty-five are now under treatment, many being in a precarious condition. The county iail has been converted into a hospital, where the victims are receiving the best attention. The course of the cyclone was from the southeast to the northwest and research and research. the cyclone was from the southeast to the north west, and passed entirely through the county." A special dispatch to The Times-Democrat says :

"At Beauregard to-day all was bustle and confuion. Gangs of men were at work getting out goods from the wrecked stores, and scores of teams were hauling recovered property away. Homeless persons had gotten together their remaining effects and were moving them in wagons and a construction train was engaged in removing the debris of broken box cars. A relief committee headed by L. O. Bridewell, was actively and systematically at work issuing rations and distributing clothing. The Times-Democrat physicians, Drs.
Lehman and Fitch were also assisting the wounded. Assistance also came ing the wounded. Assistance and other points. In their rounds among the wounded the physicians witnessed many sad scenes. WESSON, Miss., April 24.—The first place reached by the tornado on Sanday was Georgetown, a small village on the Pearl River. Many residents of that place and vicinity were assembled in the Methodist Church, the quarterly circuit being in session. The cyclone struck the church, and one of the side walls fell in upon the congregation. The munister, the Rev. H. B. Lewis, had his skull fractured, and his chances for recovery are very slight. Mr. Savage, who rushed out of the church, was instantly killed, a falling limb of a tree striking him and breaking his neck. "Joe" Horncathing was slightly injured, as was also Miss Steele. Mrs. Allen was seriously hurt. The large congregation had a miraculous escape, with the exception of those church they fell upon their knees, and, the benches shielding them, escaped with triding miuries. A negro church near by was also visited by the tornado and was destroyed.

CHARLESTON, April 24 .- The tornado in Barnwell CHARLESTON, April 24.—The tornado in Barnwell County yesterday cut a path three-quarters of a mile wide through Salkehatchie Swamp as if the timber had been felled for a railroad. The residences, negro cabins and out-houses were swept from the farms of the following persons: Mrs. Elizabeth Sanders, G. W. Morris, W. Still, J. B. Zorn, Mrs. Sarah Morris, J. W. Morris, F. Morris, Tobias Still, Harper Hagood, L. J. Hartzog and Henry Hatto. Most of these parties lost all their furniture and other household goods. Several horses, nules and cows were killed. Thomas Creech was blown violently against a tree, but was not killed. Willie Still had two children seriously hurt, the skull of one being fractured.

THE STATE LEGISLATURE,

TOPICS IN BOTH HOUSES.

NEW RAILROAD BILLS INTRODUCED-TOLLS ON THE BROOKLYN BRIDGE.

FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE. ALBANY, April 24.-In the Senate this afternoon, Senator Grady presented the two bills in re-lation to rallroad prepared by Raifroad Commissioner O'Donnell. By one of these bills the commission hours of the clevated railroads of New-York are extended from 4 to 10 a. m.; and from 3 to 9 p. m. The other bill directs the Railroad Commissioners to learn the actual cost of the railroads of the State. Upon motion of Senator Grady the Senate directed that both bills should be considered in the first Committee of

the Whole not fully occupied.

Senator Kiernan, of Brooklyn, to-day introduced a bill abolishing the tolls for foot passengers across the Brooklyn Bridge. The bill may be said to have originated out of Mayor Low's declaration yesterday that the bridge trustees have no power to make the bridge a free one for foot passengers. Senator Kiernan asked that the bill should be ordered to a third reading, but the motion was opposed by Senator Russell, Brooklyn, and Senator Grady, of New-York. The latter declared that the cities of New-York and Brooklyn had invested \$16,000,000 in a bridge, and that no return for this outlay child be obtained if the policy of making the bridge free was adopted. Senator Russell, whose district extends into the eastern wards of Brooklyn, opposed Senator Kiernan's motion, on the ground that the bill ought to be carefully considered. Senator Kiernan's motion was finally defeated by a vote of 11 yeas to 3 nays; a quorum not voting. To prevent another vote on the motion its opponents hastily adjourned the Senate. The three men who voted against Senator Kiernan's motion were Senators Russell, Grady and MacArthur.

A companion to the free bridge measure was considered in the Assembly. This was the bill providing for the extension of Flatbush-ave., Brooklyn, to the extension of the bridge. Mr. Henry moved that this bill should be made a special order for Wednesday afternoon. Instantly there was a commotion among the Brooklyn Assemblymen. Mr. Burns opposed the

noon. Instantly there was a commotion among the Brooklyn Assemblymen. Mr. Barns opposed the adoption of the motion, and said that the corporations of five churches and one burial ground in his district protested against the passage of the bill. Mr. Henry's motion was adopted by a vote of 56 to 17.

The Assembly passed the Senate bill establishing a Bureau of Labor Statistics. There is to be a Superintendent at a salary of \$2,500, a clerk at a salary of \$1,200, and office expenses are allowed at the rate of \$1,200 and office expenses are allowed at the rate of \$3,000 yearly. The Senate passed the Assembly bill forbidding the confinement of more than one prisoner in a cell of the State prisons.

Mr. Schwarz's bill regulating the duties of pawnbrokers in cities of over 300,000 inhabitants being announced for a third reading, Mr. Oakley moved to recommit tero the Cities Committee. Mr. Schwarz said that the bill had the hearty approval of the Mayor and other local authorities. The bill finally passed, yeas 77, nays 9.

The Assembly debated this evening for two hours Mr. Odell's bill authorizing the construction of a bridge across the Hudson River at Cornwall from Storm King to Breakneck Mountain. Mr. Tremper and Mr. Dewitt, of Ulster County, carnestly outposed the passage of the bill, declaring that such a bridge as was proposed would impede the navigation of the Hudson. The bill was ordered to a third reading by a vote of 72 to 17. The Assembly time ordered to a third reading Senator Browntielegraph companies.

The Senate ordered to a third reading Senator Browntielegraph companies.

66 to 35, Mr. Erwin's oil producting the consistence in the Senate ordered to a third reading Senator Browning's bill providing for the publication of District Courceiandars. The Senate agreed to the Assembly amendments to the New-York and Brook yn Excise bill, but did not pass the bill. The two Aqueduct bills will be considered in the Senate to-morrow.

THE HARBOR MASTERS' BILL.

AN AMENDMENT SECRETLY INTERPOLATED. FROM THE REGULAR CORRESPONDENT OF THE TRIBUNE ALBANY, April 24.-An example of legislatrve audacity came to the knowledge of the Asset this morning when the Harbor Masters' bill came up a third reading. When this bill was last considered the Assembly amended it so as to provide for the appointment of the Harbor Masters by the Governor and Senate. It was discovered to-day that some one had interpolated a new amendment providing that the Harbor Masters should be appointed by the Mayor and Aldremen of New-York. It was discovered that this "bosom friend of the Governor," Mr. Cary, of Cattaraugus County, and M. C. Murphy had precisely such an amendment to their possession. The belief is that these persons were so consident of the acceptance of their amendment that they had it incorporated in the belief of the acceptance of their amendment that they had it incorporated in the belief of the acceptance of their amendment that they had it incorporated in the bill. Then when the Assembly Clerk was about to take a vote on the measure, they, it is supposed, thought it would be too much bother to reveal what had taken place. Mr. Dewitt, of Ulster County, however, accidentally discovered the interpolation, and succeeded in baving the bill set aside for an investigation. Mr. Murphy then exhibited his amendment, which provides for the appointment of the Harbor Masters as their terms expire by the Mayor and Board of Aldermen of New-York. It is provided in the amendment that the Harbor Masters shall receive a salary of \$2.500. The Governor, it is asserted, is in tayor of the amendment, but not in favor of the Board of Aldermen having the confirmatory power. bill. Then when the Assembly Clerk was about

DISCUSSING THE CHARTER AMENDMENTS.

[BY TELEGRAPH TO THE TRIBUNE.] ALBANY, April 24 .- The Senate to-night debated for an hour Senator Browning's charter for New-York, which provides for one Commissioner only at the ead of the Fire, Health, Park and Dock All of the New-York Senators, except the author of the bill, opposed it. Senator Pitts annoyed the Democrats by arguing that they had not a serious intention of re-forming the government of New-York. He criticised the delay of Senator Grady in reporting the Aqueduct bill, and recalled to the memory of the Senate the fact that and recalled to the memory of the sensity investigation of the Department of Public Works of New-York, which it was now proposed to charge with the duty of constructing the new aqueduct. Senator Grady's investigation had cost the State \$2,000, yet he had made no report and the Senate would be in darkness at to whether Commissioner Thompson was worthy of trust or not. Senator Browning moved that the bill should be ordered to a third reading. The motion was defeated by vote of

to a third reading of to 12.

To-night for two hours the Assembly Cities Committee sat in the Assembly Chamber and listened to arguments favoring the Icving Hail proposed amendments to the charter of New-York. Among the speciators present were ex-Senators Wagstaff and Cozans, Sheriff Davidson, ex-Sheriff Bowe, W. A. A. McGrath, Hugh N. Camp, W. Burke Cochrans and Charles W. Brooks. Thomas L. Feltner and Charles I. Schampaigh, representing the Central Taxpayers' Union, favored the elective principle and a fixed responsibility. This will probably be the last bearing on New York charters. earing on New-York charters.

MAYOR EDSON ON THE AQUEDUCT BILL.

The Senate Committee on Cities has agreed to amend the Aqueduct bill so as to limit the number of citizen commissioners to two, and requiring these to be nominated by the Mayor and confirmed by the Alder-men. A Thinuxe reporter inquired of Mayor Edson resterday what he thought of these proposed amend-

ments to the bill.

"I think they will destroy the value of the measure," said the Mayor. "I have done all I could to get a good bill passed for the increase of the water supply. No more important subject is now before the people of this city. And yet the public seems to take little interest in the metter. The increase may make up to find the the matter. The taxpayers may wake up to find that they have been victimized by the politicians." " Do you think the politicians are scheming to obtain

"Do you think the politicians are scheming to obtain control of the Commission I"

"I know they are. There is a well-laid scheme of that kind under way. It is the purpose to have the bill approved by the Water (Commission materially modified, or clae to defeat it altogether. I have done what I can to get a satisfactory measure passed, and if the citizens will take the matter up carnestly and assist in keeping this great work out of the control of the politicians, we may succeed. Otherwise there is no telling how many years this city may be deprived of a further supply of water or how great will be the cost to the city."

"What do you think of the Ramapo scheme?"

"I believe that is being pushed largely to draw away attention from the other bill. The Water Commission gave a good deal of attention to the Ramapo gave and good deal of attention to the Ramapo on securing additional water from that source it will succeed. Does any one suppose that the people of New-Jersey are going to allow us to draw away the water from the Ramapo and greatly injure the property along the stream without paying enormous damages! I for one do not think so. Besides, to make use of the water we would need a second system of pipes in the city. The city wants more water-the need is pressing—and the supply must be within the control of the city and State. Attention should not be diverted to these side projects to the neglect of the one of supreme importance."

DISSATISFIED PAWNBROKERS. A meeting was held at No. 220 Avenue-A.

last night, which in a very funny way attempted a very serious undertaking. In the Assembly yesterday a new bill for the regulation of pawnbrokers, which has the approval of Mayors Edson and Low, was passed by a vote of 77 to 9. Aaron Kahu, who signs name as "Coun-sel for Pawnbrokers," called the meeting, and announced its aim to be "to take action therein to prevent said alleged bill from becoming a law." About thirty men were present, two-thirds of whom were pawnbrokers, Mr. Kabn tried in vain to find a chairman, protesting that he didn't want to serve because he wanted to " de-lineate what he had to say," but finally he had to fill the chair and run the meeting. He read a statement in which he denounced the bill as being introduced through the influence of wealthy capitalist paw nbrokers and said its effect on the smaller pawnbrokers would be "to disable them of continuing their business." The objectionable points are that the proposed law increased the license fee from \$50 to \$500, and required a bond to secure piedgers, of \$1,000. After a wait of ten minutes there

was another outburst of cloquence from one who had not been invited to the meating, and who turned out to be a representative of the "monopoists pawn-brokers" who are in favor of the bill. This was William Hall, an Anti-Monopolist politician, who, with many protestations of modesty, "launched the subject on the body politic, as he might say, here or this floor." He argued that there was compensation for the increased fee in the fact that the law permitted 30 per cent interest per annum on sums less than \$100, and 15 per cent on larger sums; whereas now only 25 per cent and 10 per cent respectively were allowed; that this would save the consciences of pawnbrokers who now are continually violating the law; and also that the increased fee and increased security to the public would clevate the businesa. "Do you want to be called Saylocks all your lives "he asked.

Half a dozen men followed with remarks, being equally divided on the subject of the law. Mr. Kahn urged the necessity of action early to-day before the Senate, and when a suggestion that a vote be taken was made he asked all those who were in tavor of his going to Albany to attempt to secure a reduction of the fee and bond in the bill to stand up. There was a healtancy about voting, a German having spring the question of cost on the meeting. Finally on the assurance being given that a vote in lavor of the proposition did not carry with it an obligation to pay a portion of the expenses, twelve voted "yea" and the reat did not vote. Mr. Kahn said the cost question would be considered later, and declared the meeting adourned.

THE PARDONING POWER IN CONNECTICUT.

HARTFORD, April 24.-The House to-day passed a bill creating a Board of Pardons. The board is to consist of the Governor, Judge of the Supreme Court and four members of the Legislature. It will require the unanimous vote of the board to grant a pardon. The pardoning power has heretofore rested with the Legislature.

A FATAL CLAIM DISPUTE.

CHARLES AND FREDERICK WARD SHOT IN DAKOTA -LYNCHING TALKED OF. IBY TELEGRAPH TO THE TRIBUNE.

St. PAUL, Minn., April 124.-Charles and "Fred' Ward, brothers and owners of the town site of Bartlett. Dak., were found murdered near Creel City on Devil's Lake, to-day. "Fred" was a graduate of West Point Academy, and thirty years old. Charles was twenty-five. They were sons of Dr. Ward, of the firm of C. B. Farwell & Co., Chieago, and Farwell is their uncle. The particulars of the tragedy, which grew out of claim-jumping, are detailed in a Larimore dispatch to The Pioneer-Press. It was alleged that

some weeks ago the Ward brothers tried to jump a claim, and were driven off by Lieutenant Creel and some of his men. The claim which is the cause of the trouble lies between that of one Bell, of St. Paul, and Charles Ward. The boys alleging that the claim was not occupied, built a shanty for "Fred," but it was moved oil, and last Sunday they put the shanty back.

On Sunday night, one rumor has it, Bell with a party went to sleep on his claim, having a party of five or six men with him; and when near the shanty they were on by the boys or a man in their empley who was with them. Bell and his party then retreated to Creel City for aid, and returned with a party of about twenty men. at 3 o'clock in the morning, and ordered the Ward boys to go, which they refused to do. The party then retreated a short distance and fired into the shanty, killing "Fred" Ward. One Elliott, who was with them, tried to escape, but the was with them, tried to escape, but the men caught him and pounded him severely, ordering him to depart, which he did. Elliott thinks that Charles Ward was killed in trying to escape from the shanty. He was shot twice in the back. Frederick was shot through the breast.

It is claimed by a gentleman from Creel City that the names of at least eleven of the party are known and that several are under arrest. Probably there will be a wholesale lynching before the matter ends. C. B. Farwell, of Chicago, has started for the scene of murder.

NEW-HAVEN, COUR., April 23.—A great
assistance to Yale track athletics has been given by the
employment of a regular trainer, as voted at the last
regular meeting of the association. Subscriptions are
joing taken to raise the \$300 necessary. Mr. Frank Bole
has been engaged up to the time of the Mott Haven
games. Every man considered by the association good
enough to warrant his training can go to Hamilton Park
daily to be trained free of personal expense. There are
at present about twenty men working for the spring
games, and it is hoped that the improvement will be
such as to prepare a greater number than usual to
compete at Mott Haven.

At a meeting of the junior, sophomore and freshman

At a meeting of the junior, sophomore and freshman crows held on April 14, it was voted that the spring crows held on April 14, it was voted that the spring regatta should be rowed in the harbor this year instead of at Lake Saltonstall, as for a number of years past. The objection to the lake is its distance from New-Haven, which injures the boats, that have to be hauled there in wagons, and limits the number of spectators. The course in the harbor will probably be from Tomlinson's Bridge straight away to a point two miles out near Oyster Point, and will be near enough to shore to allow a good view from the wharves.

The Hare and Hounds had its first run on April 14,

over a nine-mile course, which was made in two bours

and five minutes.

A movement has been set on foot by the Academic department to raise funds for a building in which to hold the voluntary religious meetings of the College. There are prayer meetings held weekly which have no other place than recitation rooms, and as these are unsuitable, it is proposed to put up on the campus a building especially for the Yale Y. M. C. A. University and class prayer meetings, a Biblical Reference Library, and a Sunday reading room. At least \$25,000 will be required, and systematic canvassing will be done by students during the next summers. About \$3,500 has been collected so far, and the building will possibly be erected within a year. An architect is engaged upon plens. A larger building than that at Princeton of a similar nature will be needed, and the design is to have it two stories in height, of pressed brick, with stone trimmings. The faculty have shown their approval, and the treasurer of the college has consented to act as treasurer of the tund. The inovement shows well the religious tendency in the college, and if it is successful will undoubtedly add much to the interest of religious meetings and Biblical study. The committee in charge are Loughridge, '83; Reynolds, '84; and Baird, '85.
